Evil is the comparatively trivial exception. It cannot reasonably be disputed that, taking the world over and all its phases of life, the laws of Nature are overwhelmingly productive of good, and that evil--though frightful enough in the aggregate regarded absolutely--is after all only what might be produced by a very slight disturbance of the perfect adjustment of things. CHAPTER X A TYPE OF A PERFECT LIFE Why, I have asked in a previous chapter, must the grand scheme of things move on upward through a protracted series of evolutions, characterised here and there by all that is tragic and fearful, instead of unfolding like a rose under June sunbeams, every stage in the sublime drama entirely adapted to the happiness and well-being of every sentient creature? Now let us for a moment take that rose as a...
