BIOSOCIOLOGY OF DOMINANCE AND DEFERENCE

Rowman & Littlefield Publishers, 2005. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: This short, engaging volume develops new and sociologically sophisticated concepts to bring the fields of biology and sociology together. It is about the social biology of face-to-face dominance interactions and explores the evolution of behavior through connections among biology, language, culture, and socialization. Meant to be a self-contained exploration, sociologists would require no prior knowledge of biology; biologists would require no prior...

Reviews

Merely no phrases to spell out. I actually have read through and i am certain that i will gonna study once again again later on. You wont truly feel monotony at at any time of your time (that's what catalogues are for about should you check with me).

-- **Jaiden Konopelski**

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Cade Nolan**

It in just one of the best publication. This can be for anyone who statte that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
