Chaeronea at the left base angle, and home again over the high spurs of mountain which protrude into the plain between the two base angles of our triangle. For about a mile, as we rode out of Livadia, a wretched road of little rough paving-stones tormented us--the remains of Turkish engineering, when Livadia was their capital. Patches of this work are still to be found in curious isolation over the mountains, to the great distress of both mules and riders; for the stones are very small and pointed, or, where they have been worn smooth, exceedingly slippery. But we soon got away into deep rich meadows upon the low level of the country adjoining the lake, where we found again the same infinitely various insect life which I have already described. A bright merry Greek boy, in full dress (for it was again a holiday), followed in attendance on each mule or pony, and nothing could be more picturesque than the cavalcade, going in Indian file through the long grass, among the gay wild flowers, especially when some creek or rivulet made our course to wind about, and so brought the long line of figures into more varied grouping. As for the weather, it was so uniformly splendid that we almost forgot to notice it. Indeed, strangers justly remark what large conversation it affords us in Ireland, for there it is a matter of constant uncertainty, and requires forethought and conjecture. During my first...
