There was then little indication that the future would be perturbed by any extraordinary agitations. It promised to be an era of repose. Political controversies there were, but that they bore in their depths the tempests of revolution and battle no one imagined. A generation in time has since passed, and how the world has changed. Italy, the Niobe of nations, has found her lost nationality, and has ceased to mourn. Spain has been a republic. A portentous revolution has been at work in Russian society; a vast ferment which aliens cannot understand, and which seems like one of those mysterious agitations of other times, which impelled whole nations to slowly traverse many degrees of longitude, and to bring low the most stable political institutions. We then thought our own country to be an edifice nearly completed, but we now know that we were admiring only its foundations. Time has builded it beyond any conception then entertained. Slavery, the most powerful and crushing social and political conception since feudalism, vanished like Armida s palace, with all its grandeurs, sins and seductions.
