Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Professional Papers of the Corps of Engineers of the United States Army Washington, June 11 1901. Sir: I have the honor to transmit herewith a report of a Board of Officers, convened under your authority Special Orders, No. 56 Headquarters Corps of Engineers, 1900, to consider and report upon the general subject of manipulating and testing hydraulic cements used in the public works carried on under the supervision of this office. The Board has given the subject careful study, and its report, which is accompanied by a proposed draft of specifications, is recommended for approval with a view of securing uniform practice as far as possible throughout the Engineer Department. As the report contains much information that is valuable, not only to the Corps of Engineers, but also to the engineering profession at large, I further recommend that 1,000 copies be printed at the Government Printing Office and furnished for the use of this office on the customary requisition.
