There are twists in this plot that the reader won't see coming, and an ending to end all endings. - Pinky's Favourite Reads, 5 Stars The plot twists are amazing. I seriously got blindsided and never saw some of them coming. the first book of a series or a stand alone has to really hook me, and this one definitely did. - Happy Tails And Tales Blog, 5 Stars \*\*\*\*\* Your first job out of college. It's supposed to be a stepping stone or a transitional job, not the single defining decision that will alter the course of your entire life. Sienna Kennedy never signed on for the craziness, danger and even love that her new job thrust into her world. But she didn't run either. Assigned to a maximum security floor of Western State Hospital for the mentally ill, the last thing she expected to encounter was a reminder of her past. Cade Collins' animal magnetism draws her into an unseen world filled with creatures from her wildest imagination. Discovering his story, as well as the very institution in which she works, becomes her obsession. Her every waking moment is consumed with unearthing a way to free the man that has stolen her heart, body and mind. The secrets Sienna finds will free them of their bonds or lead them to their doom. Fate flung the two destined souls together, but how can any love survive in such a demented place, filled with peril and danger?.
