THE FINAL CUT PRO PROJECT, W. CD-ROM (VOICES THAT MATTER) [TASCHENBUCH] BY HO.

New Riders, 2002. Taschenbuch. Book Condition: Neu. Gebrauch - Sehr gut Unbenutzt. Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Currently in version 3, Final Cut Pro is the only nonlinear editing tool available that supports the entire range of editing formats. The Final Cut Pro Project is broken up into a collection of hands-on seminars that focus on teaching a specific aspect of Final Cut Pro. Dealing with both Final Cut Pro 3 and Final Cut Pro X, each seminar begins with a lesson that covers the concepts and techniques contained in that seminar. Hofmann then guides the reader step-by-step by applying those concepts and techniques to edit an award winning short film, The Midnight Sun. With this book, users will learn to convert footage from many different sources, manage their footage, edit the content, adjust sound, and output to different sources. If the reader chooses to work through the book cover-to-cover, they will put together an entire short film that includes basic editing, audio, compositing, and various effects. However, if the reader just wishes to learn a specific aspect of Final Cut Pro, they will be able to go right to the seminar that covers it, open the source files from the CD, and pick it right up. Final Cut Pro Project's CD will include all the source files required to follow along with the projects and to produce the movie, The Midnight Sun. Previously announced in 1/2003 catalog. 561 pp. Deutsch.
