Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Double Exposures is a collection of short stories, some previously published, some not, some related, some not. Each strives to shed light on an underlying complexity (psychological, metaphysical, or aesthetic). That is the main characteristic they have in common and the main reason they are collected together. There is a world behind the world we experience, behind the world science considers. This back-stage reality is responsible for much of what we encounter and for all of the meaning we discover. Perhaps Plato was right. Perhaps this world is more real than material reality. The truths there persist while the truths of the material world are fleeting. The elements there remain what they are while the material world is a seething, churning, cauldron of short-lived things doing what they do for a short time.
